All day comfort in a lightweight glove

PRIMARY INDUSTRIES

IDEAL APPLICATIONS

- Handling and light assembly applications in dry, fully wet or oily conditions
- Light assembly in chemical environments
- Engine and system testing
- Paint and spray shops
- Oil and hydro-carbon based solutions
- Painting, coating and cleaning
- Food distribution

DESCRIPTION

- Virtex™ glove is designed specifically to offer outstanding comfort, flexibility and good chemical resistance.
- Virtex™ incorporates the unique new and patent pending Aquadri™–Ansell Moisture Management Technology™. This technology gives this reusable, handed glove excellent moisture absorption capabilities and keeps users hands drier for a longer period of time.
- Gloves featuring the Aquadri™ show a significantly lower tendency to shed (even up to 50% less shedding) than traditional cotton flock gloves. So next to the comfort gain, you benefit from an optimised cost of ownership.

REMARKS

- Antistatic according to EN1149

FEATURED TECHNOLOGY

Aquadri®
